

## Shaken and stirred with Bas Bleu

Freshly mixed to tempt the fashion palate, Bas Bleu's new Cocktail Collection is a saucy blend of sophistication, sweetness and sultry sexiness that's being lapped up by lingerie lovers this spring and summer. With its trademark fusion of cheek and chic, the mixology behind the collection is as clear as a classic martini: fun and frills fused with the boldness of burlesque. The result – a high-ball of high fashion served on the rocks with a hint of irony.

This season's collection sees the return of the body, an 80's fashion favourite with a new slant for the new century. Take your pick from one of six delicious tastes designed to tickle your style tastebuds:

### Separates

**1 Flirtini:** fresh floral lace poured over deep purple satin. Bold V-front bra, brief and suspender finished with bows and ribbons on the side.

**2 Peppermint Park:** zesty aqua lace bra and brief wrapped with striking duck-egg blue ribbon straps and ties – a new twist on a classic favourite

**3 Ritz Fizz:** delectable glittery purple triangle bra and briefs complete with halter-neck ties and va-va-voom

### Bodies

**1 French 75:** fabulous floral body with plunging neckline, champion cheerleader shoulder pads and cascading trimming, all strung up with flirty pearls

**2 Artic Kiss:** cool ice-white silk jersey body with low draped neckline, sexy shoulder pads and scissor-back straps

**3 Aqua Marina:** chilled turquoise body plunging to the navel, served with pearls and shoulder-pads as standard – sex-appeal guaranteed

**4 Ritz Fizz:** sparkling purple body with slouchy neck-line and deep draped back, neck ties and eppaulettes

Bas Bleu's new collection has the season uncovered: the temperatures outside may rise but it's cool at the bar. Keep the spirit level rising and undress to impress.
